

Financial Mentoring Program

Britepaths offers free personal, one-on-one ongoing financial guidance to help you meet your financial goals. If enrolled, you will be matched with a dedicated financial mentor who help you strategize a financial plan for a healthier financial future. Clients must be working at least 30 hours per week. [Due to the COVID19 pandemic, we will also accept unemployed or laid off individuals, who are receiving unemployment.](#)

For consideration into the program, the candidate must commit to:

- Attend a free (during COVID-19 all services are virtual) **Financial Coaching** session with Britepaths at the Financial Empowerment Center.
- Complete our confidential Google doc registration form.
- Complete a virtual interview with a Britepaths staff member or volunteer.
- Have a strong interest and motivation on building your credit worthiness and future wealth!
- Able to meet via Zoom or other video conference with your financial mentor two times each month for a period no less than six months.
- Be responsive to Britepaths' volunteer and staff, usually through phone or email.

"[Britepaths] has turned my life around. I used to stress every month about my bills, which one to pay, which one will be late. Now, I can pay my bills on time (some ahead of time). My savings is small but it will grow. The best of all, my daughter doesn't just ask for something she needs; she asks me to add it to the budget. How sweet is that?"
---Pamela, Britepaths' Mentored client

Are **YOU** ready to work with a financial mentor to make the changes you need in order to reach your financial goals? If **YES**, contact Marcelle Miles, mmiles@britepaths.org or Martha Borowski, mborowski@britepaths.org
