

**Did you know that 80%  
of jobs are filled through *networking*?**

**Is It Time For You To  
Network Up?**

Network Up is a short-term mentoring program that matches under- or un-employed men or women with a volunteer mentor. You will meet with your mentor 2 to 5 times over a two-month period at a local coffee shop or café to help you create or expand your professional network; and establish a career strategy and job search plan.

Developing a strong network is key to accessing the hidden job market. Relationship is everything!

**Are You Eligible to be a Network Up mentee? *You Must Have:***

- a resume
- specific career goals and/or desired job sector identified
- a high school diploma or GED
- basic computer skills, reliable Internet access, and a professional-looking email address
- a professional demeanor and positive attitude

**Network Up is NOT a job placement program. Rather, it is a workforce development opportunity.**
