

Volunteer Financial Coaching, Mentoring, & Teaching Opportunities!

Financial Mentoring

Financial mentors work one-on-one with a specific client for 6-12 months. We ask that mentors and clients commit to meeting twice a month for a one-hour session. We match mentors and clients with similar work schedules and living/working locations.

Financial Coaching

Financial coaches provide one-on-one financial counseling to clients at the Financial Empowerment Center and for the Financial Counseling Clinics. We have a need for daytime and evening financial coaches.
